Leather is one of the oldest and most wonderful materials to be utilised by humankind. And with the LEATHER | COLLECTION it has been successfully reproduced, complete with the robust surface characteristics of the original.

- » LEATHER | COLLECTION cannot fail to impress with the unbelievable softness of its surface and its tactility, which are achieved by a SIBU-developed process.
- » In its LEATHER | COLLECTION, which is both timeless and easy to match, SIBU DESIGN combines seven fashionable colours that are available in sheets format and rolls (approximately 20 or 100 l.m.).
- » Owing to their excellent abrasion-resistance levels, the new colours are suitable for seating furniture and thus for processing in the furniture industry.
- » For us, ecological sustainability is a major concern and therefore like the entire SIBU stock range, LEATHER | COLLECTION products are also PVC-free.
- » On request, these colours are also available with various attractive structures.

THE CHOICE IS YOURS.

PNL - PREMIUM NON LEATHER:

- » suitable for seating furniture
- » rolled goods: available in rolls of 20 and 100 l.m.
